

Q: 86 – Title: If you visit Makkah for multiple days and want to make an Umrah each day, do you have to remove your unwanted hair each time?

Question

If you visit Makkah for multiple days and want to make an Umrah each day, do you have to remove your unwanted hair each time before you put on your ihraam or will it suffice if you only remove them the first time you put on your ihraam. Jazakullahu Khairun

Answer

Assalamu `alaikum Warahmatullahi Wabarakatuh,

It is mustahab (desirable) to remove unwanted hair before donning the ihram. If a person is performing multiple `umrah she will not have to remove unwanted hair before every ihram. To make more tawaf is more virtuous than multiple `umrahs.
