

A Ma'zoor Performing Salaah without Wudhu

Q: Taharaat -2: A man is very old and is in great difficulty. He cannot even make Istinjaah without difficulty and can therefore never be assured of his purity. Water drops on his thighs when he makes Istinjaah and he cannot make wudhu? without the help of someone. Now to have someone present with him five times day is also very difficult because he is very poor. Should this man perform salaah or not? Does he have to make wudhu, or will Tayammum suffice?

Answer: Salaah will not be waived and it will have to be performed. He should perform wudhu if he can or if there is someone to assist him. Otherwise, he may perform Tayatmmum.
