

Using a Mud Clod for Istinjaah when there is Fear of Urine Dripping

Q: Taharaat-15: Will the clothes be clean if a mud clod is not used for Istinjaah after urinating? Will the wudhu made afterwards be valid or not?

Answer: It will not be permissible to perform salaah when one does not use a mud clod despite being convinced that urine droplets are still falling. It will be permissible to make wudhu and perform salaah only after one is satisfied that one is pure after using mud clods or something else. And Allaah knows best what is most correct.
