

### Performing the Asr Salaah before Two Mithal

Q: Salaah-232: The Imaam in our local Masjid performs the Asr salaah before two Mithal (the time when the shadows of things are double the length of the original) and performs the Isha salaah before the whiteness has disappeared from the horizon. What should I do?

Answer: You ought to perform your salaah in another Masjid where the salaahs are being performed at their correct times. If this is not possible or too difficult, then perform the salaah behind him and then repeat it individually when the time does set in. And Allaah knows best what is most correct.
