

Question 211) - If he is intending to pray the Sunnah which he missed before the Fard after the Fare, must he pray the four missed Rak'at first or the two which come after the Fard?

A: He should first pray the two Rak'at then the missed four. (There is a difference on what is preferred. Al-Kanz states that the four are performed before the two.)

Ibnul Humam said in Fatuhul Qadir, "Praying the two first is better because that is its Sunnah time. The Sunnah time of the four has been lost. The Sunnah time of the two should not now also be lost without necessity.)
